Alexander's is at the forefront of all your landscaping needs with services that include irrigation, fertilization, pest control, large area annuals, landscape design and installation, pruning, relocation and removal of trees. Our extensive experience is drawn from nearly 20 years of expertise on projects ranging from new developments to large commercial properties. As a result, we are recognized as one of the top complete-service property maintenance companies in West Central Florida.

Commercial Clients Include:

1. Commercial Properties and Office Parks
2. Homeowners Associations
3. Condominiums
4. Hotels & Resorts
5. Manufactured Home Communities

At Alexander's, we promise to exceed your expectations right from the start. Whether your property requires services from all four of our divisions or just one, our highly trained, professional uniformed staff will ensure that your property always looks it's best.

Knowledge, Design, Create, Maintain
